2. Work in a group to create a short skit in a restaurant, focusing on vocabulary and phrases learned in this unit. Audio from the skits are to be recorded using audacity: 20+ minutes
3. Listen to one another’s skits and discuss, in French, what each student likes and does not like: 20 + minutes (this activity can be continued in the following class or done as homework)

Helpful links and extension activities:

* With more time, students could prepare and act out the skits in front of the class
* Students create a menu to accompany their skit
* Audio recordings of skits can be posted to the class website and can be assigned as homework
* Instead of skits, students could research a region not covered by this unit and present geographic information and popular foods from the area
