Name of the Writer: __________________________________________________________

Name of the Peer: _________________________________________________________

**Clarity:** *(Does the theme of the paper make sense?)* Write your response here and the writer can confirm his/her theme based on the peer’s response.

**Comment on the inclusion and development of the following parts of the profile**

1. **Abstract:** *(An abstract provides the purpose and overview of the essay. An abstract does not list the results)*

2. **Introduction:** *(provides relevance of the essay topic and also provides an overview /thesis of the essay)*

3. **Claims/Proof:** *(Author identifies specific claims and provides proof for each of the claims to substantiate them)*

4. **Topic Sentences** *(Each paragraph has a topic sentence which contextualizes the paragraph)*
5. **Text Break-up:** *(text broken up into different sections such as Intro, several Body elements, and Conclusion)*

6. **Inclusion of Graphs or Charts created by the author** *(the use of legends, chart titles, captions, clear values on x and y-axis, and description and analysis in the text)*

7. **Conclusion:** *(wraps up the essay and provides a sense of closure)*

8. **In-text Citations:** *(parts of the paper that describe information from sources other than self are cited within the text)*

9. **Works Cited:** *(Works cited are listed alphabetically at the end using formatting suitable for agricultural studies)*

**Discussion**
Don’t simply hand over the response to the person. Discuss your response with the writer. As a pair *(or a group of three)*, come up with a list of commonalities/differences between your essay. Also, list some features that you thought were striking to you.

**Exchange**
The last 10 minutes in class, we will share our reflections in class.
