Welcome to the 38th Annual Iowa High School Athletic Directors’ Association State Convention. We are looking forward to an outstanding convention. Gary Ross, Dave Litterer and other members of the Executive Board have spent many hours putting the convention together for our membership. Please take a moment some time during the convention to thank them for their efforts in organizing this year’s convention.

I would like to thank the IHSADA Executive Board and the District Directors for all of their work, dedication, and support throughout the year. The board members and the membership of this organization are second to none. The schools in the state are fortunate to have such outstanding leaders working with our youth.

Over the next few days, plan to visit the convention Exhibit Hall. Without the support of these people, it would be difficult to host our State Convention. Please stop by their exhibits and tell them “thanks” for their support, as well as seeing what is new in sports equipment.

Rick Wulkow and Troy Dannen and the staffs at the IHSAA and IGHSAU, deserve a special “thanks” for their leadership and continued support of our organization. What an exciting and challenging year both organization encountered, with Rick replacing Bernie Saggua, the Hall of Pride opening, and both organizations working together in hosting our first state COED track meet and just recently hosting the state tournaments in the new Wells Fargo Arena. To both men and their respective organizations, “GREAT JOB.” The IHSADA is proud of our close working relationship with both organizations. The future is bright for the youth of Iowa with all three groups working hand in hand to serve our young people.

To the membership of the IHSADA I can’t tell you how grateful I am for the opportunity to serve as your president. I only hope that I was able to carry the baton of leadership, to meet your satisfaction (you got my best effort and thanks for allowing me to serve this great organization).

A special thank you to the Atlantic Community Schools Administration for allowing me the time to serve and their never ending support and friendship. I would also like to thank the secretaries, coaches, staff, and students of Atlantic High School who have been so supportive of my efforts with the IHSADA. I’ve been blessed to have such great people to work with at AHS.

To my partner in life, my wife Kathy, words can’t express my appreciation of your love and support. You have always been there for our family and you have been my guiding light the past thirty-five years. The past year your support, encouragement and organization skills were needed even a little more than normal. It has been great, thanks for everything Kathy.

I hope you have a great convention! Enjoy the fellowship with your fellow AD’s. What other profession has the opportunity to impact the present and future lives of so many young people?

Sincerely,
Bob Sweeney
President, IHSADA
