

Stat 500 Survey - 2009

This is an anonymous survey that gives me useful feedback. Questions are on a 5-point scale – I’ve identified the extremes and the middle. Feel free to continue on the back if necessary.

<b>Lectures:</b>	Pace:	1	2	3	4	5
		too slow		just right		too fast
	Math level:	1	2	3	4	5
		too simple		about right		too mathematical
	Balance between theory and practice:	1	2	3	4	5
		not practical enough		good balance		need more theory
	Lecture is confusing:	1	2	3	4	5
		rarely		occasionally		often

Lecture would be better if:

<b>Labs:</b>	Case studies are:	1	2	3	4	5
		never useful		occasionally		often useful
	SAS Discussions: I should:	1	2	3	4	5
		omit completely	shorten	keep as is		spend a lot more time

Lab would be better if:

<b>Homework:</b>	Difficulty:	1	2	3	4	5
		too easy		just right		too hard
	Length:	1	2	3	4	5
		too short		appropriate length		too long
