PUZZLES IN THIS SERIES INCLUDE:

HIDDEN PICTURES — Locate the 49 hidden images such as a Hammer, a Turkey, or a Fish hidden among the leaves, tree trunks, and branches.

CAT HOUSE — This cross section of a Victorian house shows more than a dozen and less than 100 cats in and out of the house. Count the cats — remember, a tail or an ear will count as a cat!

CLANDESTINE CLICHES — Assemble the puzzle and then identify the 56 cliches such as “It’s raining cats and dogs”, “Wearing your heart on your sleeve”, or “Seeing the light at the end of the tunnel”. Great fun for several people!

NOTE: This puzzle and box was made from recycled paper products.
