Account Information and Authorization Release

I authorize ISU to release educational record information as it relates to my university receivables account to the following individual(s). I understand that this authorization partially waives my rights under the Family Educational Rights and Privacy Act (FERPA) of 1974 which provides students with a number of rights regarding their educational records. I also understand that this authorization can be revoked only by me at a time I so choose. A copy of the billing statement can be sent for a \$5 fee per semester.
